## BASIC USE: Digital Connect Voice Mail Instructions

To access Voice Mail dial \*98 from your Digital Connect Phone.

Enter your pass code when prompted.

You will hear a greeting telling you how many messages you have waiting after you enter your pass code.

Time & date stamps are read with your messages.

If you press nothing, you will hear the greeting again.

If you have multiple messages, pressing 7 will delete the current message and start the next message.

To conclude your Voice Mail session hang up or press # and the system will disconnect.
